CONTRACTORS PLANT AND EQUIPMENT READING AUCTION THURSDAY AUGUST 7TH 2008

Despite the trade being generally much harder, 81% of lots found new homes, with a third of all sales going abroad. Compressors and generators easiest of all to sell but tidy small excavators and rollers also sold well. Dumpers.....enough said! A noticeable lack of end users but a pleasing outcome for the time of year, particularly with the amount of plant already sold on the market.
