## CONTRACTORS PLANT AND EQUIPMENT READING AUCTION THURSDAY JUNE 12<sup>th</sup> 2008

The June sale saw a near capacity entry and a remarkably upbeat trade. Just short of a third of all lots went abroad, and 85% of all lots on offer found new homes. Trade for 'big air' was excellent. Once again, tidy machines were selling at a premium but having said that, the good scrap trade is still helping one or two vendors out!
