

Thimbleby & Shorland

CONTRACTORS PLANT & EQUIPMENT, READING AUCTION 3.10.2019

Just short of 2,300 lots assembled & sold in one day – a decent entry but surprisingly harder trade in some areas. The weak pound is still very beneficial for export buyers with very strong demand for anything exportable. Home buyers are certainly ready for an end to this Brexit shambles to return some confidence. Lots of very late low hours kit sold at a premium.
